Ian Ellis
BCIA Vice President

Mitsubishi collects
Technical Innovation of the Year

Doug Robins
BCIA President

Award Winners, Sponsors & Runners-up

STUDENT OF THE YEAR

Sponsored by Trend Control Systems

Winner:

CALLUM HUNTER, APPRENTICE CONTROL SYSTEMS ENGINEER - ASHDOWN CONTROL SERVICES

Callum Hunter is one of Ashdown Control's apprentices who joined the company in July 2002 at the age of 19 and has set high standards of achievement throughout his training programme. He is a first class example of the technical trainee required in the industry. His achievements speak for themselves and this year, through his dedication, he will advance to a fully qualified engineer.

Finalists:

- JONATHAN WARD, CONTROLS ENGINEER - DETAIL DESIGN ENGINEERING
 - LAWRENCE NUNN, APPRENTICE CONTROLS ENGINEER - SATURO CONTROLS
 - PAUL SEARLE, FIELD SERVICE ENGINEER - TREND FIELD SERVICES
-

ENGINEER OF THE YEAR

Sponsored by Siemens Building Technologies

Winner:

RICHARD BUSH, TECHNICAL SPECIALIST - PRIVA BUILDING INTELLIGENCE

Richard is extremely self-motivated and takes on the responsibility of problem-solving through personal research, testing and analysis resulting in finding the correct solution for the application. He is customer services orientated and can be relied upon to complete the task in hand. "Richard is a walking encyclopaedia of all matters involving BMS," says Andy Vidler of Bailey Engineering & Controls Ltd. "Richard's knowledge of the controls industry, along with his pleasant attitude, is a credit," says Geoff Collacott of PA Collacott.

Finalists:

- JEFF HOWLETT, ENGINEERING SALES SUPPORT ENGINEER - CENTRALINE BY HONEYWELL
 - BILL JOYCE, TECHNICAL SUPPORT SUPERVISOR - SIEMENS BUILDING TECHNOLOGIES
 - ANDREW FREEZER, SENIOR SYSTEMS SPECIALIST - TAC
-

FRANK DENNIS OBE MARKETING AWARD

Sponsored by FETA

Winner:

DAVID SADLER-SMITH, TREND CONTROL SYSTEMS

SYSTEMS INSTALLER OF THE YEAR

Sponsored by Honeywell Automation & Control Systems

Winner:

CAMPBELL CONTROL SERVICES

Providing the exact conditions required in the storage of film and video is very difficult to achieve. Set by the International Federation of Film Archives, close tolerances of +/-0.5°C and +/-0.5% RH are demanded. Campbell Control Services has delivered these requirements, as well as providing many additional features, allowing the Scottish Screen Archives to control and monitor its Master Film and Video vaults, containing over 100 years of recorded history, 24hrs a day.

Finalists:

- SATURO CONTROLS
 - TAC
-

TECHNICAL INNOVATION OF THE YEAR
Sponsored by Priva Building Intelligence

Winner:

Q SERIES PLC (PROGRAMMABLE LOGIC CONTROLLER) - MITSUBISHI AND PASSIVENT

The introduction of a sophisticated PLC (Programmable Logic Controller) to automatically control switching between two distinct environmental control systems – a Mitsubishi Electric City Multi air conditioning system and a Passivent Natural Ventilation system – ensures the most comfortable indoor environmental control in the most energy efficient way possible, by using free cooling for the majority of the time and advanced inverter-driven climate control when natural ventilation alone cannot cope.

Finalists:

- BLUEWAVE 2-CHANNEL CONTROLLER - CHALMOR
 - PXM10 OPERATOR UNIT - SIEMENS BUILDING TECHNOLOGIES
 - ENERGYEDGE - TAC
-

ENERGY MANAGEMENT AWARD
Sponsored by TAC

Winner:

ENERGY SAVINGS AT THE BIRMINGHAM HIPPODROME - ADT FIRE & SECURITY

Birmingham Hippodrome is one of the largest theatre venues in the country, boasting a 1,887 seat main auditorium, 206 seat studio theatre, first class dance studios, conference and hospitality facilities. Maintaining auditorium comfort levels alone previously cost £35,000.00 per annum. Energy savings of more than £17,500 per annum on the previous year's usage, circa 5,500,000 Kwh, have been achieved since ADT installed a BACnet BMS system and also installed BACnet frequency drives on numerous motors.

Finalists:

- ENERGY SAVINGS AT ASDA STORES – PART OF THE WALMART GROUP - OAKSMERE DESIGN
 - REDUCTION OF ENERGY USAGE FOR THE MoD - SATURO CONTROLS
 - ST GEORGE'S HOSPITAL BOILER HOUSE AUTOMATION AND MANAGEMENT SYSTEM - SPIRAX SARCO
-

BEST SERVICE & MAINTENANCE PROVIDER
Sponsored by Resource Data Management

Winner:

BMSi

BMSi's success has been, and will continue to be the strong emphasis they put on building long term relationships with their clients. This approach has led to a client and staff retention rate that is unparalleled in the industry. Their team of engineers have over 400 years of controls experience and are very much focused on providing excellent service delivery. In addition to traditional service and maintenance, the company has also invested heavily in the development of various BMS software utility tools to assist its engineers in completing their maintenance tasks.

Finalists:

- ASHDOWN CONTROL SERVICES
 - LJ ELECTRICAL SERVICES
-

JUDGES SPECIAL AWARD
Sponsored by BSEE

Winner:

BILL JOYCE, TECHNICAL SUPPORT SUPERVISOR - SIEMENS BUILDING TECHNOLOGIES
